

# Have you asked her to stand?

## November 21st is AskHerToStand Day!

This is an initiative which encourages people to ask women to stand for public office and it falls on the date of the 1918 Qualification of Women Act which allowed some women to vote and stand for Parliament. We're asking you to stand! Please join one (or all!) of our online sessions to find out more!

They're very informal sessions and give you the chance to ask the questions you need answering. We want you to stand for your council, for your Association, for parliament, for the Senedd, for the Scottish Parliament.

Please email [felicity.roochove@conservatives.com](mailto:felicity.roochove@conservatives.com) to register to join us.
